May 4, 2027 · SMPL1 · · FDA advisory committee meeting · e5 · Sample source: Samplebio One news release (smp-release-a) · page 1 · indication: not stated · action: advisory_committee · You changed the event type while the run was going; the checks ran again after.

June 30, 2027 · SMPL2 · · FDA target action date · e3 · Sample source: Samplebio Two quarterly report (smp-filing-b) · page 1 · indication: not stated · action: regulatory_decision · The date check caught a wrong day; the day was read again from the quote.

Q3 2027 · SMPL1 · · 52-week data presentation · e2 · Sample source: Samplebio One news release (smp-release-a) · page 1 · indication: not stated · action: trial_results · Every check passed. The source names a quarter, not a day, so the row keeps the quarter as stated.

July 9, 2027 · SMPL6 · · Final results · e7 · Sample source: Samplebio Six news release (smp-release-e) · page 1 · indication: not stated · action: trial_readout · Keep it; I will check the release myself.

August 2, 2027 · SMPL6 · · Application filing · e8 · Sample source: Samplebio Six news release (smp-release-e) · page 1 · indication: not stated · action: regulatory_decision · It is a filing, but keep it.

September 15, 2027 · SMPL3 · · Investor day · e4 · Sample source: Samplebio Two quarterly report (smp-filing-b) · page 1 · indication: not stated · action: investor_day · The second reader saw that the event belongs to the partner, not the filer.

Evidence e11: Sample source: Samplebio One news release (smp-release-a) · page 1 · indication not stated · action conference_presentation · quote: Samplebio One will present at a medical meeting later this year. · checks: Quote found on page: pass (The quote is printed on the page, word for word.); Citation located: pass (Every word of the quote is inside the box, and the box stays on the quote's lines.); Date read as written: pass (“later this year” is counted from the filing date (2026-10-01 to 2026-12-31); the row gives no day.); Source is more than a calendar: pass (The source is not a third-party calendar.); Event type matches the quote: pass (The quote's words (present) fit conference.)

Evidence e1: Sample source: Samplebio One news release (smp-release-a) · page 1 · indication not stated · action trial_readout · quote: Topline results from the Phase 3 STAR-1 trial are expected on March 12, 2027. · checks: Quote found on page: pass (The quote is printed on the page, word for word.); Citation located: pass (Every word of the quote is inside the box, and the box stays on the quote's lines.); Date read as written: pass (The day in the row is the day printed in the quote.); Source is more than a calendar: pass (The source is not a third-party calendar.); Event type matches the quote: pass (The quote's words (results, topline) fit trial results.)

Evidence e5: Sample source: Samplebio One news release (smp-release-a) · page 1 · indication not stated · action advisory_committee · quote: An FDA advisory committee meeting is scheduled for May 4, 2027. · checks: Quote found on page: pass (The quote is printed on the page, word for word.); Citation located: pass (Every word of the quote is inside the box, and the box stays on the quote's lines.); Date read as written: pass (The day in the row is the day printed in the quote.); Source is more than a calendar: pass (The source is not a third-party calendar.); Event type matches the quote: not_needed (The event type advisory committee has no fixed words to compare the quote with.)

Evidence e3: Sample source: Samplebio Two quarterly report (smp-filing-b) · page 1 · indication not stated · action regulatory_decision · quote: The FDA has set a target action date of June 30, 2027. · checks: Quote found on page: pass (The quote is printed on the page, word for word.); Citation located: pass (Every word of the quote is inside the box, and the box stays on the quote's lines.); Date read as written: pass (The day in the row is the day printed in the quote.); Source is more than a calendar: pass (The source is not a third-party calendar.); Event type matches the quote: pass (The quote's words (action date) fit regulatory decision.)

Evidence e2: Sample source: Samplebio One news release (smp-release-a) · page 1 · indication not stated · action trial_results · quote: The company plans to present 52-week data in Q3 2027. · checks: Quote found on page: pass (The quote is printed on the page, word for word.); Citation located: pass (Every word of the quote is inside the box, and the box stays on the quote's lines.); Date read as written: pass (The period in the row is the period printed in the quote.); Source is more than a calendar: pass (The source is not a third-party calendar.); Event type matches the quote: pass (The quote's words (data) fit trial results.)
